

Mt Norma and Sylvia Tops Rebait Schedules 2024-2025

Write your name in the cells for the rebait trips you wish to carry out; first in first served! For safety reasons there needs to be two names per cell. Remember that there is flexibility around each trip to allow for weather and other events in your life; plus or minus a week is no problem.

These two lines are grouped together for efficiency.

Please update yourself with the latest information for these lines by reading the 'Information for Mt Norma and Sylvia Tops Trappers' that is on our website just before your trip.

Thanks!

	Mt Norma Line and Sylvia Tops Line
